- Game 3 Information
- Game 4 Information
- Game 5 Information
- President/Vice President/League Representatives/Voting Representative Signatures
- Recommendation Letter (Attached)
- Jersey Photos (for both light and dark uniforms) (Attached) (See Diagram in Appendix I: Jersey Photos)

Applicant League Representatives/Voting Representative

Note: If your league is accepted as a MRDA Member League, you will need to assign three league representatives, one of which will be the voting representative for your league. These individuals will be the voices for your league on the MRDA Forum, and will be required to participate in discussions on the forum as a condition of membership.

One of your three league representatives will be responsible for placing votes on behalf of your league as the Voting Representative. Each Member League must maintain a 75% voting average per quarter to maintain active league status with MRDA.

League Representatives

| Legal Name | Derby Name | Email Address | Phone Number |
|-------------------|-------------------|----------------------|---------------------|
| | | | |
| | | | |

Voting Representative

| Legal Name | Derby Name | Email Address | Phone Number |
|-------------------|-------------------|----------------------|---------------------|
| | | | |

Charter Roster Submission

Each member of the MRDA may only have 1 team charter roster active at a time. A charter skater can only be listed on one team's charter at a time. Charter rosters may not be changed less than 30 days before a MRDA sanctioned game. Charter rosters may be changed up to 6 times per calendar year. A skater who is chartered on a WFTDA charter roster may not be simultaneously rostered on an MRDA charter roster.

If your application is accepted, your charter will immediately become active. Please list up to twenty (20) skaters to make up your first MRDA charter submission.

| | Derby Name | Roster Number | First Name | Last Name | Insurance Type | Insurance Number |
|----|-------------------|----------------------|-------------------|------------------|-----------------------|-------------------------|
| 1 | | | | | | |
| 2 | | | | | | |
